If you have a passion for helping others and believe in serving the public good, consider a career in Administration of Justice.

The Administration of Justice program at Los Angeles Mission College is one of our fastest growing programs. Students today realize that many career opportunities exist in the fields of law enforcement, corrections, forensic science, and public safety. In fact, many students in the program are already law enforcement or justice professionals who are seeking degrees that may lead to promotion within their departments... or are hoping to add skills that will allow them to advance from one branch of the justice system to another.

Sample of COURSE SUBJECTS
- Forensic Science
- Patrol Procedures
- Criminal Evidence
- Probation/Parole
- Understanding Prison Gangs
- Police Organization
- Juvenile Delinquency
- Criminal Investigation
- Courts
- Report Writing
- College credit given for Police Academy Training and certain post-approved classes (online courses)

Degree, Certificate & Skill AWARD
No two people are the same and our educational programs recognize that fact. That's why we offer several academic "paths" from which to choose.

Perhaps your educational plans are long-term and you want to earn a degree or eventually transfer to a four-year university, then you might be interested in a two-year, 60-unit program Associate of Science degree in Administration of Justice.

Perhaps you have limited time to devote to school and you want to pursue an immediate career goal in a particular aspect of Administration of Justice. A 13-36 Unit Certificate Program can lead to a career as a law enforcement, probation or parole officer, penal guard, or juvenile officer.

*Courses taken in the certificate program apply toward the curriculum leading to an Associate degree, giving you even greater educational and career options.
