

Los Angeles Mission College

STUDY TIME

Based upon recommendations from our school's academic departments, the Los Angeles Mission College CalWORKs Program recommends weekly unsupervised study hours according to the following formula:

For every hour spent in class, dedicate two (2) hours outside of class to studying, homework, etc. for that course per week.

1 unit = 1 hour of class time per week
12 units = 12 hours of class time per week

1 unit = 2 hours of study time
12 units = 24 hours of class time per week

As of July 1, 2018, unsupervised study time may be certified for County-Referred and Self-Initiated Program (SIP) participants.
