   ▪ Explanation was given to committee on the order change pertaining to construction of HFAC building.

5. Media Arts Building:
   ▪ Project continues to fall behind schedule due to out of sequence work, low manpower, lack of coordination and poor workmanship.
   ▪ A note of default was given to the contractor (SMC). Initially the contractor was chosen due to low bid submitted. When District raised concerns a new even lower bid came in. This contractor is new to the campus but performed some work for the District before.
   ▪ This project is about 39% completion. The issue was addressed to the General Counsel and auditors to have contractor correct non-compliant work.
   ▪ The timeline for completion is estimated to be October 2012 in the worst case scenario.

6. Other projects:
   ▪ Progress and timeline of Chill/Hot Water Loop was discussed.
   ▪ Requirements of Fish and Game Department are to be met before permits for construction are issued for Athletic Complex.

   ▪ EIR stipulates that if college reaches enrollment of 15,000 by 2015 a traffic study will be necessary. Current enrollment is about 11,000. Shuttle is taking students from college’s parking structure to East Campus.
