

Welcome to ITV - The Week-End College!

You are enrolled in:

Economics 1 (7028) **(UC: CSU) 3 Units**

Principles of Economics

An introductory course in the principles of microeconomic theory, including economic analysis of the firm and resource allocation; analysis of the laws of supply and demand; market structures of the American economy; price theory; current domestic economic problems.

The Weekend College classes combine video lessons with online activities and weekend class meetings. You should complete all three components to successfully pass the class. The course requirements are in the online syllabus. If you have questions contact your instructor via email or by telephone during their office hours listed above.

Getting Started

Although the first class meeting is not until the weekend of September 5 & 6, the class officially begins online Monday, August 31, 2009. Follow the checklist below to get started in your class now.

1. Choose a Campus

Select the campus to attend your weekend class and make note of its time and location. Directions and maps to the campuses can be found at: www.laccd.edu/our_colleges/.

2. Buy Your Books

The back of this page lists the required and recommend books for your course. Buy your books as soon as possible so that you can get started on your assigned readings. Textbooks can be purchased at City, Mission, Southwest, Valley, and Pierce Colleges or from most online bookstores.

3. Log In

The class website opens **Aug. 31**, log in and read your course syllabus. It will list all assignments and quizzes times and due dates. You can find log-in instructions on the last page of this letter.

4. Email Your Instructor

Once you have logged in, email your instructor and let her know that you have successfully logged in to the class website.

5. Plan Your Schedule

Weekend College courses are fast paced—covering a lot of material in eight weeks. At a minimum, students should expect to spend 16 hours per week on the class. Schedule time in advance for reading the textbooks, watching the video episodes and completing the online assignments. If you plan to watch or record the videos on the educational cable channel LA 36, note those times and set your Tivo or DVD recorder in advance. The broadcast schedule is on the back of this page.

Classroom Location Schedule

Attend class at any one of the four campuses: L.A. City, L.A. Southwest, L.A. Pierce, or L.A. Valley College. The instructor teaches at all four locations.

Day	Campus	Time	Location
Saturday	L.A. City College	9:00 A.M. – 12 Noon	DaVinci Hall, Rm. 304

4. Watch the video lessons in the Learning Resource Centers at any of the LACCD Colleges. You must bring your fee receipt to view the videos.

Dear Students:

I write to you in order to welcome you to Economics 1. Economics 1 is an introductory course in microeconomics. Some of the issues covered include the decision-making process of the individual, the firm, and the industry when confronted with scarcity. Our goal is to study whether the economy uses our limited resources to obtain the maximum satisfaction possible for society.

As part of your introduction to this course, I would like you to go to the "Discussion Board" and answer the first thread "defining economics". It will ask you what you think the study of economics entails and why you think it is an important social science.

COURSE OBJECTIVES

- To evaluate the impact the concept of efficiency in an economy.
- To understand the working of various microeconomic models.
- To be able to understand demand and supply analyses.
- To develop the ability to reason accurately and objectively about microeconomic issues.

You will do exceptionally well in this class if and only if:

- Attend every class.
- Read the assigned chapters from the text before class and participate in the discussion forums.
- Asks questions, when the material is unclear.
- Review notes, graphs and text after class (waiting until a couple of days before the exam is not an optimal strategy).
- Use the videos to augment the lessons learnt.
- Explore economics with a keen interest and not just see Economics 1 as another course to complete so that you can graduate.
