

**Notice of Public Meetings**  
**Scoping of the Environmental Impact Report (EIR) for the**  
**2009 Los Angeles Mission College Facilities Master Plan**

The public is invited to participate in one of two scoping meetings for the Environmental Impact Report (EIR) for the 2009 Mission College Facilities Master Plan:

EIR Scoping Meeting # 1  
**Saturday, April 25, 2009**  
10:00 a.m. to 12:00 p.m.

EIR Scoping Meeting #2  
**Tuesday, April 28, 2009**  
7:00 p.m. to 9:00 p.m.

at

Los Angeles Mission College  
Main Campus Center  
13356 Eldridge Avenue  
Sylmar, CA 91342

We encourage you to attend the scoping meeting to find out more about the master plan and give us your comments on the scope of the EIR. All comments must either be given in person at the time of the Public Scoping Meetings on **April 25, 2009 or April 28, 2009** or in writing. In order to meet the limits established by state law, your written comments on the Notice of Preparation (NOP) must be received no later than **May 9, 2009**. The proposed project, 2009 Los Angeles Mission College Facilities Master Plan is a phased development program that would expand and improve the college facilities.

The purpose of the scoping meetings is to give the public an opportunity to comment on the following issues: 1) identify environmental impacts of future campus development that may cause significant environmental impacts and need to be analyzed in the EIR, 2) identify those issues which do not need to be studied, 3) offer ideas to reduce or mitigate environmental impacts, 4) suggest plan alternatives which would reduce environmental impacts while meeting most of the objectives of the College. The scoping meetings will describe the 2009 Facilities Master Plan and the EIR process. The findings of an Initial Study describing the environmental issues proposed to be analyzed in the EIR will be summarized. Following this presentation, the public will be invited to submit their comments on the scope of the EIR.

The **30-day** public scoping period is scheduled to begin on **April 10, 2009** and end on **May 9, 2009**. The NOP/Initial Study is available for viewing at the Mission College Library, Los Angeles Public Library Sylmar Branch, Los Angeles Public Library Pacoima Branch, Los Angeles Public Library Sunland-Tujunga Branch, and Los Angeles Public Library Mid-San Fernando Valley Branch and on the Mission College website: [www.lamission.edu/planning](http://www.lamission.edu/planning).
