institutions cannot be used in the certification process. Students requesting CSU GE "pass along" certification must

colleges, the offering college. Courses taken at California four

Los Angeles Mission College will certify

Students who have taken courses at other colleges can have these courses “passed along” in the certification process. Students with full CSU GE Certification will only be responsible for an additional 9 semester units of upper division general education at the CSU campus. **CSU Certification is not required and is not automatic; it must be requested by the student at the time the final official transcript is sent.** Without certification, the student will be held to the specific general education requirements of the CSU campus of choice.

Students who have taken courses at other colleges can have these courses “passed along” in the certification process. Los Angeles Mission College will certify courses taken at other California Community Colleges in the areas designated by the offering college. **Courses taken at California four-year colleges, or accredited out-of-state two-year, or four-year colleges, may be used for certification – please consult a counselor for detailed information. Courses from foreign institutions cannot be used in the certification process. Students requesting CSU GE “pass along” certification must meet with a counselor.**

IMPORTANT INFORMATION: Courses on this list are approved for a specific academic year, which begins with the Fall 2014 semester and remains valid through Summer 2015.

The general education courses listed for the CSU system are specified within subject areas that satisfy lower division general education requirements for the CSU campuses. Students wishing to use a course to fulfill a CSU General Education (GE) requirement must be sure that the course is approved for the academic year in which it is taken. The CSU general education form changes each year. It is advised that students meet with a counselor regularly to review any changes. A course must be on the CSU GE Breadth during the term in which it is taken. If a course is taken before it is approved for inclusion, or after it is removed from the list, it cannot be used to meet the area requirement.

CSU GE Breadth Certification is available to community college transfer students who satisfy the general education requirements in each area. “Certification” means that LAMC has verified that a student has completed the lower division General Education requirements listed in each area of the CSU GE Breadth. **Certification does not guarantee admission or admission eligibility.** Students with full CSU GE Certification will only be responsible for an additional 9 semester units of upper division general education at the CSU campus. **CSU Certification is not required and is not automatic; it must be requested by the student at the time the final official transcript is sent.** Without certification, the student will be held to the specific general education requirements of the CSU campus of choice.

Students who have taken courses at other colleges can have these courses “passed along” in the certification process. Los Angeles Mission College will certify courses taken at other California Community Colleges in the areas designated by the offering college. **Courses taken at California four-year colleges, or accredited out-of-state two-year, or four-year colleges, may be used for certification – please consult a counselor for detailed information. Courses from foreign institutions cannot be used in the certification process. Students requesting CSU GE “pass along” certification must meet with a counselor.**

ADDITIONAL INFORMATION

1. A course cannot satisfy more than one General Education area requirement (even if listed under multiple areas).
2. Courses used to satisfy General Education requirements may also satisfy Major Preparation requirements.
3. LAMC recommends that students complete as much of the lower division requirements as possible for the major before transfer. Major preparation requirements can be accessed at [www.assist.org](http://www.assist.org), the official source for California articulation and student transfer information. Completion of these requirements may not guarantee admission into the major, but can increase the student’s chances for acceptance. Other lower division courses that are not offered at LAMC may be required for the major after transfer.
4. Students who transfer to CSU may also complete an Associate degree by completing courses in the major (please see a counselor for major-specific information), a Health and a P.E. course to satisfy the General Education requirements for the Associate degree, along with a total of 60 transferable units completed.
5. Completion of the General Education requirements will not guarantee admission into a university but can increase the student’s chances for acceptance.
6. Coursework in areas A1, A2, A3 and B4 must be completed with a “C” or better to meet admissions eligibility to a CSU campus.
7. All coursework must have a cumulative GPA of 2.0 (“C”) or better.
8. This advising form may not be the best general education preparation pathway for ALL majors (such as Engineering, Computer Science and Liberal Studies – Teacher Prep). Please consult with a counselor to determine the best plan to meet your educational goals.
