Multimedia Certificate Program

“I enjoy the real sense of community and the opportunity to watch students develop and grow as artists and individuals.”

Curtis Stage, Multimedia Instructor

Hi, my name is Curtis Stage and I direct the Multimedia Program here at Los Angeles Mission College. I want to tell you about our vibrant community of artists and designers and encourage you to find your path to success in our incredible program.

What is Multimedia and what sets our program apart? We like to think of it as a fusion of Art, Ideas and Technology. This involves basic elements of art and design and blends them with new media technologies, including digital art, computer graphics, computer animation, video content, Internet art and interactive gaming technologies. It is considered one of the most dynamic and challenging fields of study in higher education, but it is also one of the most rewarding!

In our Multimedia Program, students strive for success by being encouraged to build their technical skills and learn to develop original and creative ideas that give their work meaning. Our students get a real edge and build a strong foundation by having small class sizes, State-of-the-Art Labs, and close interaction with our amazing professional faculty.

What do Multimedia professionals do? The Multimedia Certificate Program offered at Mission College meets the demands and expectations of the industry and prepares students for an exciting career in a highly creative and competitive field. After you earn your Multimedia Certificate at Mission, the opportunities are endless! You'll be able to use your creative ability and artistic talent to produce innovative designs and concepts that are sure to prepare you to seek employment in positions such as: Web Designer, Animator, Motion Graphics Artist, Designer, Game Designer, Camera Operator, Video Editor, Director and so much more.

The Paralegal Studies Program

Prof. David Jordan

Paralegal is a term used in many countries and jurisdictions to describe non-lawyers who assist lawyers in their legal work. A Paralegal or Legal Assistant performs duties which include legal research, client interviewing, preparation of briefs and other documents, conducting investigations, drafting wills and deeds, and

other such legal transactions. Paralegals also specialize in specific areas such as probate, torts, family law, personal injury, criminal law, insurance claims, civil litigation, elder

law, immigration law, intellectual property, and real estate law, just to name a few.

The State of California now requires paralegals to be certified by an accredited educational institution such as Mission College. Our Paralegal Studies Program exceeds the mandate for paralegal education requirements under the Business and Professions Code §§ 6400 and 6450 in the State of California, which requires 24 semester units. We provide 12 more units than required by law.

Upon completion of the program there are many options – the “Fast Track to Law School” or starting work as a paralegal immediately. Our program provides help with your resume and job interviews, along with networking opportunities, and internships at the local LA Superior Court – San Fernando, Van Nuys, Chatsworth, and Santa Clarita court branches.

Changing Lives Through Education

“Students learn what they care about, from people they care about and who, they know, care about them . . .” Barbara Harrell Carson, 1996, *Thirty Years of Stories*

I recently had to describe my teaching philosophy when I participated in a Teaching Academy. I'd never really sat down to look at that in detail before. I knew I wanted students to succeed in my classes, in other classes and ultimately reach their educational goals. But how do you break that down to describe a “philosophy” for what I've been doing for the last 10 years in the classroom?

There are the stories of students who have approached me at the end of the semester to tell me that I inspired them to choose Sociology as a major. Not only does that never get old, but actually embarrasses me a little. How did I do that exactly? I discussed social theories, findings and causes for why people do what they do. I gave them papers and exams and journals to write, and still they returned to class every day. Although those methods proved to work for most of the students I encountered, I don't think it really is JUST about SOCIOLOGY and what was written on the board. It could be a lot of things but simply that I LOVE TO TEACH. Its not really discussed in a Mission Statement or written as a Philosophy anywhere, but yet it is the focus everyday that I come to campus.

So maybe they will major in Sociology, maybe they learned that finding your PASSION is another lesson taught at Mission College. I heard that if you can find passion in your work and pay your bills too, than you have found professional happiness. Then I guess Mission College is truly my HEAVEN and the passion continues with every new student who wonders what they will major in.

Prof. Myriam Levy-Mekelburg, Chair of Social Sciences

If you are interested in Sociology, we offer a variety of subjects in the field of Sociology. We have one of the largest online programs on campus as well as internship courses too. All our instructors are highly qualified and motivated to help you reach your Mission. I can also assist you in Psychology, Political Science, Philosophy, History or African American Studies, please contact me at 818.833.3414 or mekelbmm@lamission.edu

The future is bright for paralegals. The average salary for a paralegal, according to a survey published by the National Association of Legal Assistants (NALA), is \$46,862. There are job opportunities for paralegals even in a down economy. Our paralegals are successfully employed at Disney, State Farm Insurance Company, the L.A. County offices, Los Angeles Superior Court and other courts, and both large and small law firms in the greater Los Angeles metropolitan area.

Come join us for the “challenge” of a lifetime and never look back. We are here to help you achieve your dreams to become a paralegal. For more information, see our law home page at <http://lamission.edu/law> or contact the Director of the Paralegal Studies Program – Prof. David Jordan at jordandc@lamission.edu or 818.364.7720.

“Paralegals are the backbone of law practice”

DAVID JORDAN, Esq., Attorney at Law is the grandson of a celebrated barrister from New England. He served the Glendale Community as an attorney for 20 years and for the last decade has been the Director of the Paralegal Studies Program at Los Angeles Mission College. Prof. Jordan worked as a Peace Corps Volunteer in Honduras organizing credit unions, is fluent in Spanish, received his B.A. in Economics from Georgetown University in Washington, D.C. and his Juris Doctor from Loyola Law School in Los Angeles.

Fascinated by the World of Arts and Multimedia

Los Angeles Mission College alum **Sergio L'Rodriguez** has always been fascinated by the world of film and television. At age five, while living in Michoacán, Mexico, he looked forward to walking to town with his grandfather to attend a makeshift theater each week. The films were projected on a large white blanket which hung on a wall. These

temporary structures were used to bring members of the community together to watch movies. "We've seen a lot has changed since then," says Rodriguez.

"I chose Mission College because of its rigorous curriculum and fantastic instructors who are true professionals ..."

Sergio migrated to the United States in 1985. While attending Kennedy High School he gained hands-on experience in the areas of television, film and 3D animation. He knew then this was the area he wanted to pursue as a life long career. After graduating from Kennedy in 1998 he worked at Ultra Films in Sacramento and gained experience working on documentaries and promotional videos. Knowing a solid education would provide him with the knowledge and skills needed to succeed in the film and television industry, in 2002, Sergio moved back to the San Fernando Valley and enrolled at Los Angeles Mission College to study Multimedia. "I chose Mission College because of its rigorous curriculum and fantastic instructors who are true professionals in their fields of study," says Rodriguez.

While attending Mission College Sergio created a name for himself. Professor Deb Diehl noticed his creativity, skills, and talent, so she put him in contact with John Breinholt, assistant editor to Academy Award winner, Hughes Winborne. After meeting with Winborne, Sergio was offered an intern position at Sony Pictures to work on "Seven Pounds," a theatrical film starring Will Smith. Other films he worked on are "Another Harvest Moon" as Assistant Editor; "Bomb It! Sao Paulo" as Assistant; "Light as a Feather" as Assistant, and Cinematographer/Director of the Mission College fall campaign commercial.

Rodriguez credits classes taught by Mission College instructors and is thankful for them for creating the network of opportunities he needed to get where he is today. "I value my classmates and people I met on campus because this is where the connections began."

Sergio enjoys sharing his knowledge and tutors Mission College students majoring in multimedia studies. He also enjoys watching and critiquing films. His dream is to become a Director and win an Oscar someday (just like Hughes Winborne!). On his spare time he writes films – but for now, he's waiting for his next break!

Sergio received an Associate of Arts in Multimedia in 2005 from Los Angeles Mission College and a Bachelor of Arts in Cinema, Television Arts with an emphasis in Cinematography in 2008 from CSUN. ♪

PACE - Program for Accelerated College Education

Open to ALL Mission College Students

PACE Office: 818.364.7684

PACE Director, Mark Pursley: 818.364.7677

New Pace Students: Attend the PACE Orientation the Saturday before classes begin! Call the PACE Office for more information. Located in the lower level of the Campus Center.

Who: PACE courses are offered in an accelerated format convenient to students' work schedules. Some students participate in the complete PACE program (see "Why" below for program features). However, **PACE courses are open to ALL Mission College students**, so anyone can sign up for a PACE course while taking traditional, online or other course formats.

Why: PACE offers convenient scheduling, quality instruction, and a supportive staff. PACE features collaborative learning, field trips, artistic performances, and social events to enhance your educational experience.

What: PACE has five tracks (Elementary Teaching, Business, Social Science, Health Science, and General Studies) to help students meet their transfer requirements while earning an A.A. degree. All PACE courses are fully transferable to CSU and UC.

Where: Currently all PACE courses meet on campus.

When: Most courses in PACE are offered in an accelerated eight week format. Students attend class one evening a week and every other Saturday for eight weeks. A student can earn 12 units per semester by taking two courses in the first eight week session and two more in the second eight week semester. Each PACE course is paired with another PACE course so that students may earn six units in session A, and six more in session B. (go to the college website for complete PACE schedule information)

These classes are also listed in the Spring schedule.

A Sample Schedule For Paired 3-Unit Courses:

Course 1: Tuesday 6-8 PM and scheduled PACE Saturdays 8-12 (Student must attend both days. Courses do not meet on all Saturdays – see schedule.)

Course 2: Tuesday 8:10-10:10 PM and PACE Saturday 12:30-4:30 (Student must attend both days. Courses do not meet on all Saturdays – see schedule.) Students may take one or both courses.

4-Unit Science Courses and 5-Unit Business and Math

Courses meet per the evening schedule indicated and **every** Saturday, and some are 16 weeks long.

Hybrid PACE Courses:

Students attend only four Saturday sessions and complete the remainder online.

PACE Basic Skills in Math and English: These courses (called bridge courses) are generally offered on Monday evenings or on Saturdays- see schedule)

ORIENTATION: Saturday, February 6, 9-11am in CMPC 5

Health, Fitness and Athletics Complex (HFAC)

The construction of the Health, Fitness and Athletics Complex is scheduled for completion this summer, just in time for the Spring, 2010 semester. The building will be part of the East Campus Complex located near El Cariso golf course, at Eldridge Avenue and Harding Street, west of Maclay. When completed, the 90,000 square foot two-story building will include a three-court multi-sport competition gymnasium, an elevated three-lane jogging track, an athletic training and hydro-therapy room, fitness and cardio area classrooms, multi-purpose fitness and dance studios, locker rooms and faculty offices.

The environmentally friendly building is LEED-certified (Leadership in Energy and Environmental Design), meeting the standards of the United States Green Building Council (USGBC).

In order for students, staff, faculty and community members to enjoy these new facilities, ALL must register for a course.

Prerequisites, Corequisites & Advisories

Prerequisite: A requirement that must be satisfied before enrolling in the target course.

Corequisite: A requirement that must be taken simultaneously with the target course. However, in some instances the corequisite may be satisfied before enrolling into the target course.

Advisory: A course or condition that a student is advised (but not required) to meet prior to enrolling in the target course.

Registration Limitation

All students need to demonstrate meeting the prerequisite or corequisite requirement in order to enroll into the target course.

- If the student satisfies the requirement by completing a class with a grade of "C" or better at LAMC or through the assessment process, he/she will be cleared for registering into the target course.
- If the student has satisfied the prerequisite or corequisite and/or placement at another college or through another method, he/she must submit the appropriate documentation (i.e. an unofficial transcript and/or placement results) to the counseling office located in the Instructional and Student Services Building (818.364.7655).

Once a counselor reviews the documents and finds that the prerequisite or corequisite has been satisfied, the counselor will issue a course placement authorization form. This form, once signed by the counselor, needs to be turned into the Admissions office along with the necessary add slip by the student for processing.

Prerequisite Challenge

Students without transcripts or other proof of meeting the specified prerequisite or corequisite but believe that they have other clear and reliable evidence that they are adequately prepared to take the target course may go through the prerequisite or corequisite challenge process.

Prerequisite or corequisite may be challenged based on the following:

1. The student has the knowledge or ability to succeed in the target course despite not meeting the prerequisite or corequisite. (Criteria for challenging based on knowledge or ability to succeed will be determined by each Academic Department.);
2. The prerequisite or corequisite is not valid because it has not been established in accordance with the District's policy;
3. The prerequisite or corequisite is being applied in an unlawfully discriminatory manner; and
4. The prerequisite or corequisite has not been made reasonably available causing the student undue delay in completing his/her educational goal.

Prerequisite Challenge Process

1. Pick up the challenge form at the Counseling Office. It is recommended that a student seeking to go through the challenge process meet with a counselor to discuss the process in further detail.
2. All challenge forms must be processed prior to the add deadline as stated in the Schedule of Classes (please note: the challenge process takes five working days to complete). Challenges filed after this deadline will be considered for the following semester. If space is available in a course when a student files a challenge to the prerequisite or corequisite, the student will be allowed to enroll into the course during the challenge process. If the challenge is approved or the college fails to resolve the challenge within 5 working days, the student shall be allowed to remain in the course. If the challenge is denied, the student will be notified and dropped administratively. If no space is available in the course when a challenge is filed and approved, the student shall be permitted to enroll for the following semester.
3. Students need to complete the challenge form, attach appropriate documentation and take the form to the Chair and/or Vice Chair of the department through which the course in question is being offered.
4. The Department Chair and/or Vice Chair will approve or deny the challenge. If the Chair and/or Vice Chair is the instructor of the course that the student wishes to enter, then the Chair and/or Vice Chair will identify another faculty member in the discipline to review and approve the challenge form.
 - Once the challenge is approved/denied and signed, the Chair and/or Vice Chair of the department or designated faculty member will return the form to the Matriculation Coordinator.
 - The Matriculation Coordinator will contact the student of the results of the challenge.
 - If the challenge is approved, the student will be given a course placement authorization that the student will take to Admissions along with the necessary add form for processing.
5. If the challenge is denied, the student may appeal the decision to the Vice President of Academic Affairs. Notification of the appeal decision will be sent to the student within 5 working days after its receipt.

ANNOUNCEMENT: Title 5, section 55035, prohibits students, who have completed 30 units of "remedial" (basic skills) course work, from enrolling in any additional credit basic skills courses. Starting with the Winter 2010 registration cycle, this requirement will be reinforced by DEC. If a student, who has exceeded the 30 unit limit, enrolls in a credit or noncredit ESL course, the student will be permitted to enroll in additional basic skills courses. Also, Title 5 exempts students with learning disabilities. The DSPS Office can authorize a system override for these students. The actual override functionality is in A&R so the DSPS Office will have to coordinate this effort with the Admissions Office. This restriction does not apply to noncredit basic skills courses. Students, who have exceeded the 30 unit limit, should be encouraged to enroll in non-credit basic skills courses. All remedial classes per Title V regulations should limit enrollment to 30.

Withdrawal

Students wishing to drop a class or withdraw from the college during the semester must do so through the Admissions Office or use the telephone system. Failure to withdraw officially may result in an "F" grade. Students must withdraw on or before the 11th week (75%) in order to receive a W. Students in short-term classes must withdraw before 75% of the course is completed. After the 11th week or 75% completion of the course, a student is assigned a letter grade (A through F). Instructors are not obligated to exclude a student for non-attendance.

IT IS THE STUDENT'S RESPONSIBILITY TO WITHDRAW OFFICIALLY.
HOW TO DROP CLASSES OR WITHDRAW FROM COLLEGE

1. Dropping classes or withdrawing from the college must be done by the drop date deadline.
2. To drop classes, use the STEP telephone system, or fill out a "Drop Card" and present it, with your registration Fee Receipt, at the Admissions Office. To drop ALL classes (withdrawal), use the STEP System or check item number one on the drop card.
3. The clerk processes the forms and gives you a receipt. Keep your receipt for your records.

4. Fees are not automatically refunded. Fee refunds must be requested from the Business Office if you drop classes or withdraw by the end of the second week.
5. In order to do a complete withdrawal by mail, your request must be sent by Certified Mail with a receipt.
6. You may also withdraw by using the telephone system on or before the 11th week or before 75% of the course is completed. Students in PACE or other special programs must check withdrawal deadlines with the appropriate program director.

Withdrawal from Classes

THROUGH THE 3rd WEEK: No notation ("W" or other) will appear on the student's record if the class is dropped during the first three weeks of the semester (or 30% of the class for short-term classes).

THROUGH THE 11TH WEEK: A notation of "W" (withdrawal) is recorded on the student's record for classes dropped during the 4th through the 11th week of the semester.

AFTER THE 11TH WEEK: Students who remain in class beyond the 11th week (or 75% of the class for short term classes) are given a grade by the instructor. THAT GRADE CANNOT BE A "W" (withdrawal).

Access to Records

The California Legislature passed S.B. 182 (Stull), which codifies provisions of the Education Code and the Federal statutes implementing the Family Education Rights and Privacy Act of 1974 (Buckley Amendment). This permits students to inspect their personally identifiable records maintained by the college, and permits access to these records only upon the student's request (other than to certain specified categories). Information on these laws and college procedures in implementing them may be obtained from the Associate Dean of Admissions, who serves as the College Records Officer. Copies of pertinent State and Federal legislation are available for inspection.

Los Angeles Mission College considers the following information relating to a student to be directory information: student's name, city of residence, date of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended by the student. Students who do not wish any or all of the above categories of information to be given out should so indicate on their application at time of enrolling. Students are asked to voluntarily provide their student identification number for this purpose.

Family Educational Rights and Privacy

Act (FERPA) Notification The Family Educational Rights and Privacy Act (FERPA) affords students the following rights with respect to their educational records:

1. The right to inspect and review the student's education records which includes discipline records, within 45 days from the date the College receives a request for access.
 - Students may submit to the College Admissions Office written requests that identify the specific record(s) they wish to inspect. Within 45 days, the College Admissions Office will make arrangements for access and will notify the student of the time and place where the records may be inspected.

General Policies

- Education records are those records that are directly related to students and are maintained by the College. Students may not inspect education records pertaining to parents' financial records and certain confidential letters or recommendations.
- 2. The right to request an amendment of the student's educational records which the student believes to be inaccurate, misleading or otherwise in violation of the student's privacy rights.
 - With the exception of grade grievances which are handled through Administrative Regulation E-55, students may ask the College President, or his/her designee to amend a record that they believe is inaccurate, misleading, or in violation of their privacy rights. A student seeking to amend an educational record should write to the College President and clearly identify the part of the record he/she wants changed and specify why it is inaccurate, misleading, or in violation of his/her privacy rights.
 - If the College President, or his designee, decides not to amend the record as requested by the student, the College, in accordance with section 99.21 of the Code of Federal Regulations and section 76232 of the Education Code, will notify the student of the decision and of his/her right to a hearing.
- 3. The right to consent to disclosures of personally identifiable information contained in the student's educational records, except to the extent that FERPA and California law authorize disclosures without consent.
 - If a student authorizes the release of his/her education record to a third party, he/she shall provide a dated written consent to the College Admissions Office authorizing said release with a specific list of the information to be released.
 - Federal and California law authorize certain disclosures of personally identifiable information without a student's written consent. One such exception is the disclosure of personally identifiable information to school officials with legitimate educational interests. School officials with legitimate educational interests are employees or agents of the Los Angeles Community College District who need to review educational records in order to fulfill their professional responsibilities.
- 4. The right to restrict disclosure of personally identifiable information that the College has designated as directory information which may be released without the written consent of the student.

To do so, the student must submit the appropriate District form to the College Admissions Office requesting that some or all of the categories of directory information not be released without his/her consent. This form must be submitted in accordance with College policy.
 - Pursuant to Board Rule 5201.10, the Los Angeles Community College District has designated the following student information as directory information:
 - (a) the student's name, city of residence, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most previous educational agency or institution attended by the student;
 - (b) student employee records may be released in order to comply with collective bargaining agreements;
 - (c) the names, addresses and telephone numbers of students or former students may be released to the foundation for each college for college-related activities at the discretion of the College President, unless the student or former student has informed the

Student Right-to-Know Disclosure

In compliance with the Student Right-to-Know and Campus Security Act of 1990 (Public Law 101-542), it is the policy of the Los Angeles Community College District and Los Angeles Mission College to make available its completion and transfer rates to all current and prospective students. Beginning in Fall, 1996, a cohort of all certificates, degree, and transfer-seeking first-time, full-time students were tracked over a three-year period. Their completion and transfer rates are listed below. These rates do not represent the success rates of the entire student population at all California Community Colleges, nor do they account for student outcomes occurring after this three-year tracking period.

Based upon the cohort defined above, 28.2 percent attained a certificate, degree, or became "transfer-prepared" during a three-year period from Fall 1997 to Spring 2000. Students who are transfer-prepared have completed 56 transferable units with a GPA of 2.0 or better.

Based upon the cohort defined above, 29.8 percent transferred to another post secondary institution (CSU, UC, or another California Community College) prior to attaining a degree, certificate, or becoming transfer-prepared during a five semester period from Spring 1998 to Spring 2000.

Further information about Student Right-To-Know Rates and how they should be interpreted can be found at the California Community Colleges Chancellor's Office Student Right-To-Know Disclosure Website located at <http://srk.cccco.edu/index.asp>

Student Grievance Procedure

The purpose of the Student Grievance Procedure is to provide a prompt and equitable means for resolving student grievances. The grievance procedure may be initiated by a student or group of students who reasonably believe he/she/they have been subject to unjust action or denied rights that adversely affect his/her/their status, rights, or privileges as a student. It is the responsibility of the student(s) to submit proof of alleged unfair or improper action. Grievances pertaining to grades are subject to California Education Code Section 76224(a) which states:

General Policies

"When grades are given for any course of instruction taught in a community college district, the grade given to each student shall be the grade determined by the instructor of the course and the determination of the student's grade by the instructor, in the absence of mistake, fraud, bad faith, or incompetence, shall be final."

This grievance procedure does not apply to the challenge process for prerequisites, corequisites, advisories, and limitations on enrollment; alleged violations of sexual harassment; actions dealing with student discipline; alleged discrimination on the basis of ethnic group identification, religion, age, sex, color, sexual orientation, physical or mental disability; or an appeal for residency decision; or to eligibility, disqualification, or reinstatement of Financial Aid. Informal resolution is encouraged.

A written Statement of Grievance must be submitted to the Compliance Officer within thirty (30) instructional days of the incident or after the student(s) learns of the basis for the grievance.

Recording Devices in the Classroom

Section 78907 of the California Education Code prohibits the use of any electronic listening or recording device without prior consent of the instructor. Any student violating this section is subject to disciplinary action. Any non-student who willfully violates this section is guilty of a misdemeanor.

Standards of Student Conduct and Disciplinary Action

The Standards of Student Conduct and Disciplinary Action for violation of rules were established by the Board of Trustees of the Los Angeles Community College District on September 2, 1969. A student enrolling in one of the Los Angeles Community Colleges may rightfully expect that the faculty and administrators will maintain an environment in which there is freedom to learn. This requires that there be appropriate conditions and opportunities in the classroom and on the campus. As members of the college community, students should be encouraged to develop the capacity for critical judgment, to engage in a sustained and independent search for truth, and to exercise their rights to free inquiry and speech in a responsible, non-violent manner. Students shall respect and obey civil and criminal law and they shall be subject to legal penalties for violation of laws of the city, county, state, and nation. Student conduct in all of the Los Angeles Community Colleges must conform to District and college rules and regulations. Violations of such rules are subject to the following types of disciplinary actions, which are to be administered by appropriate college authorities against students who stand in violation. Each of the Los Angeles Community Colleges shall establish due process of law for administration of the penalties enumerated here. Penalties are listed in degree of severity but not as chronological administration. College authorities will determine which type of penalty is appropriate.

1. WARNING – Notice to the student that continuation or repetition of specified conduct may be cause for other disciplinary action.
2. REPRIMAND – Written reprimand for violation of specified rules. A reprimand serves to place on record that a student's conduct in a specific instance does not meet the standards expected at the college. A person receiving a reprimand is notified that this is a warning that continued conduct of the type described in the reprimand may result in formal action against the student.

3. DISCIPLINARY PROBATION – Exclusion from participation in privileges or extra-curricular college activities set forth in the notice of disciplinary probation for a specified period of time. The imposition of disciplinary probation involves notification in writing of the reason for disciplinary probation to the student(s) or president of the student organization involved.

4. RESTITUTION – Reimbursement for damage or for misappropriation of property. Reimbursement may take the form of appropriate service to repair or otherwise compensate for damage.

5. SUMMARY SUSPENSION – A Summary Suspension is for purposes of investigation. It is a means of relieving the tension of the student body or individual class due to a serious infraction of student behavior standards, removing a threat to the well-being of the students, or removing for the good order of the college a student or students whose presence would prevent the continued normal conduct of the academic community. Summary Suspension is limited to that period of time necessary to insure that the purposes of the Summary Suspension are accomplished, and in any case, no more than a maximum of 10 school days. Summary Suspension is a type of suspension other than that ordinarily invoked by the instructor in the classroom. The College President, appropriate administrator, or other staff member designated by the President may summarily suspend a student when he deems it necessary for the safety and welfare of the college.

6. DISCIPLINARY SUSPENSION – Disciplinary Suspension follows a hearing based on due process of law. It shall be invoked by the College President, appropriate administrator, or other staff member designated by the President, upon students for misconduct when other corrective measures have failed or when the seriousness of the situation warrants such action.

7. EXPULSION – An expulsion is a long-term or permanent denial of all campus privileges including class attendance. The President of the college and/or the Board of Trustees may expel a student who has been convicted of a crime arising out of a campus disturbance or, after a hearing by a campus body, has been found to have willfully disrupted the orderly operation of the campus. The President shall submit periodic reports on all expulsion cases to the Superintendent and the Board of Trustees.

Violations of the Standards of Student Conduct are as follows:

9803.10 Willful Disobedience: Willful disobedience to directions of college officials acting in the performance of their duties.

9803.11 Violation of College Rules and Regulations: Violation of college rules and regulations, including those concerning student organizations, the use of college facilities, or the time, place, and manner of public expression or distribution of materials.

IGETC - What is the Intersegmental General Education Transfer Curriculum?

The *Intersegmental General Education Transfer Curriculum* (IGETC) is a general education program that community college prospective transfer students may complete to satisfy the lower division general education requirements for either the UC (University of California) or CSU (California State University) system without the need to take additional lower-division general education courses after transfer.

All IGETC coursework must be completed with a "C" or better. Courses in which a student receives a "pass" grade may be used if the community college's policy states that a "pass" is equivalent to a "C" grade (2.00) or better. The UC system allows a maximum of 14 semester units (of the 60 required, transferable units) on a Pass/No Pass basis. There is no CSU system-wide policy on limitations for a "pass" grade, therefore each CSU campus has its own established policy (please check with your CSU campus of choice).

Courses may only be used once to satisfy one IGETC subject area (even if listed under multiple areas), however, courses may be used to satisfy IGETC general education areas AND major preparation requirements. Major preparation requirements can be accessed on www.assist.org, the official source for California articulation and student transfer information.

The IGETC is NOT an admission requirement to the UC or CSU system. There is no connection between completion of the IGETC and eligibility for admission to the UC or CSU system, or admission to a specific campus or program. Existing segmental and campus-specific admission requirements for transfer students remain unchanged. Requirements for lower-division courses for admission to particular majors also remain unchanged. The IGETC plan will total approximately 34-37 transferable units. A recommended total of 60 units must be completed prior to transfer, for priority admission status.

If you are approaching readiness for transfer and are unable to complete one or two IGETC courses, you may be eligible for partial certification and complete IGETC after transferring. A student may only be granted IGETC certification once (either partial or complete) prior to their first semester at the 4-year university. Students

receiving partial certification must ensure that admission criteria for the university has been met (IGETC areas I and II). Students may complete the necessary coursework at the transfer institution and may NOT return to the Community College for complete certification if partial certification was received. "Certification" means that LAMC has verified that a student has completed the lower division General Education requirements listed in each area of the IGETC. *Certification does not guarantee admission or admission eligibility. Certification is not required and is not automatic; it must be requested by the student at the time the final official transcript is sent.* Without certification, the student will be held to the specific general education requirements of the university campus of choice. *Please note, the UC Berkeley, College of Letters and Science does not accept partial Certification.*

Courses taken at several institutions may be used to fulfill the IGETC. Students should be aware, however, that placement of courses within IGETC subject areas may vary from college to college. Placement of a course will be based on the college of attendance and its IGETC pattern at the time the course was completed. Completion of the IGETC program may be certified by the last community college, which the student attends. Foreign coursework (from non-U.S. regionally accredited institutions) may not be used on the IGETC.

It is NOT advisable for ALL students to follow the IGETC. Some students may be better served by taking courses that fulfill the CSU General Education Breadth requirements or the general education pattern of the UC or CSU campus or college to which they plan to transfer. Students pursuing majors that require extensive lower division major preparation, (such as Engineering on all campuses or Business at UC Berkeley) may not find the IGETC option to be advantageous. *The Eleanor Roosevelt College and Revelle College of UC San Diego do not accept IGETC.* Additional lower-division general education requirements may be needed prior to transfer. **The IGETC will be most useful for students who want to keep their options open before making a final decision about transferring to a particular UC or CSU campus.**

CSU ADVISING FORM

IMPORTANT INFORMATION: Courses on this list are approved for a specific academic year, which begins with the Fall 2009 semester and remains valid through Summer 2010.

The general education courses listed for the CSU system are specified within subject areas that satisfy lower division general education requirements for the CSU campuses. Students wishing to use a course to fulfill a CSU General Education requirement must be sure that the course is approved for the academic year in which it is taken. The CSU general education form changes each year. It is advised that students meet with a counselor regularly to review any changes. A course must be on the CSU GE Breadth during the term in which it is taken. If a course is taken before it is approved for inclusion, or after it is removed from the list, it cannot be used to meet the area requirement.

CSU GE Breadth certification is available to community college transfer students who satisfy the general education requirements in each area. "Certification" means that LAMC has verified that a student has completed the lower division General Education requirements listed in each area of the CSU GE Breadth. *Certification* does not guarantee admission or admission eligibility. Students with full CSU GE Certification will only be responsible for an additional 9 semester units of upper division general education at the CSU campus. *CSU Certification is not required and is not automatic; it must be requested by the student at the time the final official transcript is sent.* Without certification, the student will be held to the specific general education requirements of the CSU campus of choice.

Students who have taken courses at other colleges can have these courses "passed along" in the certification process. Los Angeles Mission College will certify courses taken at other California Community Colleges in the areas designated by the offering college. Courses taken at California four-year colleges, or accredited out-of-state two-year, or four-year colleges, will be certified if they are

equivalent to courses on LAMC's CSU GE course list. Courses from foreign institutions cannot be used in the certification process. Students requesting CSU GE "pass along" certification must complete at least 12 units in residency at Los Angeles Mission College.

ADDITIONAL INFORMATION

1. A course cannot satisfy more than one General Education area requirement (even if listed under multiple areas).
2. Courses used to satisfy General Education requirements may also satisfy Major Preparation requirements.
3. LAMC recommends that students complete the lower division requirements for the major before transfer. Major preparation requirements can be accessed on www.assist.org, the official source for California articulation and student transfer information. Completion of these requirements may not guarantee admission into the major, but can increase the student's chances for acceptance. Other lower division courses that are not offered at LAMC may be required for the major after transfer.
4. Students who transfer to CSU may also complete an Associate degree by completing courses in the major (please see a counselor for major-specific information), a Health and a P.E. course to satisfy the General Education requirements for the Associate degree, along with a total of 60 transferable units completed.
5. Completion of the General Education requirements will not guarantee admission into a university but can increase the student's chances for acceptance.
6. Areas A1, A2, A3 and B4 must be completed with a "C" or better for admissions eligibility to a CSU campus.
7. All coursework must have a cumulative GPA of 2.00 ("C") or better.
8. This advising form may not be the best general education preparation pathway for ALL majors (such as Engineering, Computer Science and Liberal Studies – Teacher Prep). Please consult with a counselor to determine the best plan to meet your educational goals.

Financial Aid & Scholarships

Do you need assistance paying your enrollment fees?

The Board of Governors Fee Waiver Program (commonly referred to as BOG) is a California state program that waives enrollment fees. This waiver does not have to be repaid.

Eligibility: Students must be residents of California and enrolled at Los Angeles Mission College in at least one (1) unit. Fees for audited classes cannot be waived through the BOG.

There are three ways to qualify for the Fee Waiver:

Method A: You are a recipient of benefits under TANF/CalWORKs Program, SSI (Supplemental Security Income), or General Assistance (also known as General Relief). You can also qualify for Method A if you meet one of the following criteria: you have certification from the California Department of Veterans Affairs or the National Guard Adjutant General that you are eligible for a Dependent's Fee Waiver, you are a recipient of the Congressional Medal of Honor (or as a child of a recipient), you are a dependent of a victim of the September 11, 2001 terrorist attack, or you are a dependent of a deceased law enforcement/ fire suppression personnel killed in the line of duty.

Method B: You meet the income standards as indicated below:

BOARD OF GOVERNORS FEE WAIVER PROGRAM (BOGFW-B) 2009-2010 INCOME STANDARDS

Number in Household (Including Yourself)	Total 2008 Family Income (Adjusted Gross Income and/or Untaxed Income)
1	\$15,600
2	\$21,000
3	\$26,400
4	\$31,800
5	\$37,200
6	\$42,600
7	\$48,000
8	\$53,400
Each additional family member	Add \$ 5,400

Method C: If you do not qualify based on Method A or Method B, you may be eligible for Method C by completing the Free Application for Federal Student Aid (FAFSA). With this method, you may be eligible by demonstrating at least \$1 of financial need. To qualify under this criteria, you must complete the FAFSA at www.fafsa.ed.gov. Our Federal School Code is 012550.

How to apply: To qualify for Method A and Method B, you must complete the Board of Governors (BOG) Fee Waiver Application. You may pick up the BOG application in the Financial Aid & Scholarships Office or you may download it from the web at www.lamission.edu/financialaid/FeeWaiver.aspx

Do you know that you may request for a refund of your enrollment fees? If you have already paid your enrollment fees for Summer 2009, Fall 2009, Winter 2010 and/or Spring 2010, you may be eligible for a refund. Just complete the BOG Fee Waiver Application and let the Financial Aid Office determine whether you qualify.

Financial aid is made available by federal, state and private sources in the form of grants, scholarships, loans, and employment. Financial aid resources are intended to supplement, not replace, the financial resources of the family to help pay for the cost of college education.

The Financial Aid Office offers many services to our students including financial aid awareness and FAFSA hands on workshops. Financial Aid counseling is available by appointment with the Financial Aid Director. Our staff will answer your questions in person and over the phone (with consideration for student privacy as provided through FERPA regulations). We are here to help you fund your cost of education. Stop by the Financial Aid Office or visit the Financial Aid website at www.lamission.edu/financialaid. Remember that you are in charge of your education; we are here to help you finance it.

How To Apply for Financial Aid:

Applying for financial aid is easy. Apply by completing the Free Application for Federal Student Aid (FAFSA) online at www.fafsa.gov. To electronically sign your FAFSA, you will need a PIN, which can be obtained during the online application process or by requesting one in advance at the PIN website (www.pin.ed.gov). To have your FAFSA information sent to LA Mission College, make sure to use our Federal School Code: 012550.

When Do I Apply?

We encourage our students to apply as early as January 1, 2009 and apply before March 2, 2009 for the 2009-2010 academic year. Even if you missed these dates, it's not too late! We can usually accept FAFSA information throughout the academic year, but you should check with the Financial Aid Office regarding any pending deadlines.

Our priority deadline to submit all required documents is May 1, 2009. Students who miss this priority date should still apply as financial aid funds may still be available. If in doubt, please contact the Financial Aid Office. Staff members are available during regular office hours to answer your questions and assist you in completing any of the forms.

If you will be continuing your education for the Fall 2010 semester or beyond, you must reapply for financial aid by completing the 2010-2011 Free Application for Federal Student Aid (FAFSA). The 2010-2011 FAFSA is available online starting January 1, 2010 at www.fafsa.gov

Office Hours:

Monday through Thursday 8:00 am – 2:00 pm and 5:00 pm – 7:00 pm
